Members: Use this form to submit an appeal for denied medical or dental claims. You may also use this form to appeal a denial, after you have received care, for no pre-certification and/or no prior authorization. To appeal a prescription denial, you must first use Caremark's appeal process as described on their denial forms. If you have fully exhausted all appeal avenues with Caremark, please submit this form.

Providers: If you seek to appeal a denial for medical necessity or a denial of pre-certification, you must appeal directly to Aetna.

Please see your Plan Booklet for complete details about the appeal process. In order for the Board of Trustees to consider your appeal, it must be received by the Health Trust Administrator within 180 days of the date of the determination notice or the Explanation of Benefits (EOB).

Please complete the section below that pertains to your appeal. Submit your completed form and attachments securely through Contact Us, under Appealing a Denied Claim, on the Trust website (aseahealth.org).
